

# John Flynn; *American folk singer and songwriter*

*"John is the only artist who can make the kids giggle on one track then move the adults to tears on the next. A powerful writer. Master of word and emotion."* ~ Songwriter's Monthly

## ARTIST BIOGRAPHY

Ticket Magazine places John Flynn "at the near end of a long line of American poets, thinkers and folk artists, stretching from Henry David Thoreau, Ralph Waldo Emerson and Walt Whitman, all the way up to Kris Kristofferson". And Kristofferson himself praises John's songwriting: "The truth is in the details; the gifts are an ear for accurate dialogue, an eye for powerful imagery and anything funny, and a heart open to surprises and the possibilities of moving the emotions." As a young father Flynn left a Nashville staff writing gig and began writing songs for his kids and for his life. These songs yielded CDs that are informed by the trademark humanity and humor that Flynn sees as the essential tools for parenthood and living. Recently the 46 year-old Delaware resident has turned his attention, and his songwriting, to the world his four children will one day inherit.
